

Art Advertising **LABELS & PRINTING** Inc.

IF IT HAS INK, WE PRINT IT.

WHO WE ARE

Art Advertising, Inc. was founded in 1969, opening the doors as a sign company to serve Jonesboro and the surrounding communities. Today, we are one of the most diversified printing companies nationwide.

WHAT WE DO

Our diversity means that we have options at your disposal for fitting each project to the best suited print method whether you need 3 prototypes or 33 million production pieces. We can help maintain consistency across all your materials with better turn-around time and value. We deliver an effortless, convenient experience for all of our clients. At Art Advertising, Inc. we can seamlessly take you from concept to delivery all under one roof; which means your day just got a little less hectic.

OUR PEOPLE

Our people are not simply experts in print. They are experts in business optimization. We can lower costs, strengthen your brand recognition and provide fulfillment and logistical efficiencies. Let us show you how our print/marketing review team can give more value to your organization.

COLOR PRINTING

Full-color printed documents deliver your message with visual impact and maximum appeal. As the area's full-color printing experts, we will produce your job on time, within budget and always with the highest quality. From business cards to brochures and multipage catalogs, we're your full-color printing provider.

LABELS & DECALS

Quality labels and decals are the cornerstone of our business. Screen printed decals for extremely harsh environments are our specialty. Equipment decals needing custom shapes, laminates, and adhesives are our strength.

Roll labels are available from one to four color process, retail to industrial applications, and thousands of shapes and options.

UL authorized for both roll and screen printed products since 1980 ensures we are tested and inspected routinely to the highest of quality and durability standards.

Delivering professional rental carpet and upholstery cleaning equipment & compounds to your home or business

An abstract composition of vibrant ink splashes in red, blue, and purple against a white background. The splashes are dynamic and fluid, with some forming elongated, ribbon-like shapes and others creating more complex, multi-lobed structures. The colors are saturated and the surfaces of the splashes are glossy, reflecting light.
